

Contracts

Purchase of goods for \$50,000 or more, new professional service contracts for \$50,000 or more, and annual professional service contracts over \$100,000 shall be reviewed by the Facilities/Support Services Committee of the Board of Directors. This does not include contracts required to be competitively bid under Iowa Chapter 26.

Professional service contracts are agreements wherein the District purchases professional services from an independent contractor (not an employee). The District administrator overseeing the contract shall identify the source of funding for the contract and make a recommendation. The Committee shall consider such contracts for approval prior to their effective date(s).

All contracts, regardless of value, must be submitted to the Board of Education for approval and must be signed by an officer of the board.

All purchase of goods and professional service contracts must comply with any other applicable procedures outlined in District policy.
