

MICROSOFT OFFICE 365 FOR EDUCATION
OPT-OUT COMPLIANCE FORM

I confirm that I have read and understand the following:

This form gives you the opportunity to prohibit access to Microsoft Office 365 for Education. If you DO NOT want your student to access Microsoft Office 365 for Education, please complete, sign, and return this form to your child's school. If, at any time during the school year, you would like to rescind your decision and change your permission, you must let the school know in writing.

The Dubuque Community School District is committed to providing equal educational access to all students. While Microsoft Office 365 for Education provides students and teachers access to tools for communication, collaboration, and improves student engagement, teachers are encouraged to prepare Office 365 lessons with alternate plans for students whose parents have chosen to opt-out of this resource for their children or students with a disability that prevents the use of Microsoft Office 365 for Education.

I DO NOT want my student to be allowed access to Microsoft Office 365 for Education.

Please note that opting out of Microsoft Office 365 for Education also prevents enrollment of the Microsoft Student Advantage program which allows Microsoft Office to be installed on 5 compatible PCs and Macs, and use with 5 tablets platforms in your home at no cost.
