

ATTENTION

Kennedy School

MORNING DROP-OFF

Procedures for morning drop-off:

Kennedy School Parents:

1. Cars will **not** be allowed into the front driveway loop from 8:20-8:40 a.m. This is a **“Bus Only Driveway”** in the morning and at dismissal at 3:20 p.m.
2. Parent vehicles will enter the adjacent “new” parking lot using a right-hand turn into the entrance from Woodland Drive.
3. Parent vehicles will travel in a loop around the parked cars to the marked **“Student Drop-off Area”** near the curve, along the student sidewalk area.
4. Students must disembark quickly from vehicles using the passenger-side only so they will not have to cross in front of or between any vehicles.
5. Cars will not be allowed to park in this loop, unless in an actual parking spot.
6. Parents will continue around the loop to make a complete circle and exit out of the same driveway that they came in, making a right-hand turn out of the driveway onto Woodland Drive.
7. For traffic flow purposes, we would like Woodland Drive to work as a one-way street moving south during arrival and dismissal. Foothill Street also works best as a one-way going down the hill at arrival and dismissal times.
8. Students will travel down (south) the sidewalk to their line-up area in front of the building, or to the back blacktop behind the school.
9. For dismissal: All vehicles parked along the street should only park on the side of the street adjacent to Kennedy School property. This will allow for children to get in or out of cars and **NOT** have to cross traffic to enter their car.
