Table Mound Open House & Picnic!

We would like to invite you all to our Table Mound open house and picnic. The event will take place **TONIGHT**, Monday, Sept. 26th, from 5:30pm-7pm.

From 5:30-6:15, teachers will be in their classrooms to meet and greet students and their families. Students will have an opportunity to show families their desks, take a look at classroom work, and visit with their teacher. Open house will come to an end at 6:15 and we will head outside to the lawn to enjoy an all school picnic sponsored by our Table Mound PTC.

Hello Table Mound Students, Staff, and Families,

Well, 3rd time is the charm. I have had trouble publishing the correct date for the fundraiser pick-up. Pick-up for fundraiser items will take place on **Fri. Oct. 14th** from 3:30-5:30pm in the Multipurpose room. This is important as some of the items are frozen! Please make arrangements to pick-up your items. My apologies for the confusion!

Conferences and the Scholastic Book Fair are right around the corner. Table Mound conferences will take place on Tues. Oct 18th from 4-8pm, Wed. Oct 19th from 4-8pm, and Thurs. Oct 20th from 9-2pm. Information regarding conference scheduling will be available soon.

Extra yearbooks are now available for purchase from the Table Mound office. Cost per yearbook is \$11.50. Get yours today

Have A Great Week & Good Knight!

Matthew Hull, Principal

F, Oct 21 – No School

UPCOMING DATES:

M, Nov 14 – 4/5 Music Program

Sat, Nov 19 – Table Mound Vendor Fair

Table Mound Begins ST Math

This year the Dubuque Community School District is kicking off a new computer based math program called ST Math. This program does not take the place of our standard math curriculum, Math Trailblazers, but is another opportunity to challenge our students' mathematical thinking.

ST Math uses engaging math games to reinforce math concepts already taught in the classroom. One of the unique features of the program is that does not give the students any directions! Students must figure out on their own what the problem is and how to solve it. On the back of the newsletter is a flyer explaining more about ST Math. Please let us know if you have any questions.
