

At Hempstead we strive to produce a safe, positive, and respectful learning atmosphere, where prevention and student responsibility are the focus. We believe that students should assume full responsibility for their behavior and actions so the teaching-learning process is not interrupted. Hempstead's Community Expectations supports and sustains our goal:

- Show **Respect:** Treat with consideration, honor and compassion.
- Follow **Rules:** Ensure safety and a positive learning environment.
- Be **Ready:** Prepared, on time with materials.
- Be **Responsible:** Morally accountable for one's actions.
