Contact email: jspecht@dbqschools.org

Design

The course is designed for students to meet the Dubuque Community School District's graduation requirement and fulfills the Iowa Core Curriculum guideline for physical science. Students should be willing to study, observe and understand an introductory level of chemistry and physics upon completion.

Content

<ul style="list-style-type: none">-First Semester topics includelimited to;- designing experiments- measurement systems- states of matter,- properties of matter- periodic table-classification of m	<p>Second Semester topics include but are not limited to;</p> <ul style="list-style-type: none">-motion- forces of motion- simple machines-alternative Energies
---	--

Materials

Students are expected to report to class each day with the following materials:

*Folder *Paper * Notebook *Pencil and Pen *Agenda *Calculator (if possible)

****A folder and a notebook should be kept in the classroom. The other materials need to be with students each day of class**

Overview of Physical Science Standards

- Structure and Properties of Matter
- Forces and Interactions
- Chemical Reactions
- Energy

Work Expectations

Worked turned in by students must be legible and in good condition. Points will be taken off late assignments. No late work will be accepted after a new unit has been started. Students are responsible for asking for work after excused or unexcused absences.

If students are caught sharing, copying assignments, tests or quizzes; a zero will be given to all those involved.

Extra Credit will be given from time to time to help students improve upon their grades.

Tardies and Absences

Every student is expected to be in the classroom when the bell rings. Student need to be familiar with the District policies regarding tardies and absences. Habitual tardies and absences will be dealt with in accordance with the policies listed in the student passport.

Behavioral Expectations

- ❖ No food allowed in the classroom.
- ❖ Respect everyone in the classroom (teachers, students, guests, etc...)
- ❖ Respect the materials in the room; including your book
- ❖ Stop talking when the instructor is speaking. Follow directions once they are given
- ❖ Do not use cell phones for personal communication during class time unless otherwise instructed
- ❖ BE SAFE

Grading

93% and above	A	73-76	C
90-92	A-	70-72	C-
87-89	B+	67-69	D+
83-86	B	63-66	D

80-82
