Hoover School News

A Note from Mrs. Haas: We have all heard that it takes a village to raise a child, and I will add that it takes a community to educate one. As always, our goal at Hoover School is to improve learning for all students, and help each and every child reach his/her fullest potential. We cannot do this alone, we must work in partnership with parents in a concerted effort to meet this goal, and do what is best for each student. Research shows that parental involvement in a child's education enhances academic success and leads to better classroom behavior. We look forward to seeing each of you at our Open House tonight! Our goal in inviting each of you to school events is to help you make connections with your child's teacher and other members of our Hoover School Learning Community. I know that families are very busy after school each day, and scheduling additional events can be difficult. If you are not able to attend our Open House, don't worry, we will have many other opportunities for you to be involved with Hoover School! ~Mrs. Haas
