

Student/Family Activities

To recognize the importance of family activities, the Dubuque Community Schools will not schedule any school-sponsored student activities on Sunday mornings.

The school district will not schedule activities on Wednesday evenings for any of its students in elementary and middle schools. Any after-school activity on Wednesday evening for these students must be concluded by 6:00 p.m. An exception will be made for scheduled parent-teacher conferences, which may involve student participation.

The board urges high school activities to be limited on Wednesday evenings as much as possible.
