

School Library

The school district will maintain a school library in each building for use by employees and by students during the school day.

Materials for the school libraries will be acquired according to board policy #6226 – Instructional Materials Selection, Review and Reconsideration.

The principal of the building in which the school library is located will oversee the use of materials in the library.

The superintendent or designee will develop procedures for the selection and replacement of both library and instructional materials, for the acceptance of gifts, for the weeding of library and instructional materials, and for the handling of challenges to either library or classroom materials.
