Superintendent Rheingans updated the board on the 2017-18 Strategic Plan Priority Initiatives. The five core pillars are Student Achievement, Student Development, Community Engagement, Effective Resource Management, and Employee Excellence. Since the beginning of the school year, seven priority initiatives have been completed, thirteen indicate significant progress, and two show steady progress. He reviewed proposed student achievement outcomes, which includes specific percentage increases in proficiency on standardized testing and increased graduation rate.

Superintendent Rheingans reported that in light of the school cancelation on Friday, administration met with the police department to discuss implementation of increased safety measures. Board members felt that communication during this situation was excellent. All staff, substitutes, volunteers, etc. will be required to view the safety training video twice a year. Some aspects of a safety plan can be shared publically, but not all.

President Ryan declared the meeting adjourned at 7:02 p.m.
